## Exhibiting Company Descriptions

---

### **AAERT**

[www.aaert.org](http://www.aaert.org)

#### **Booth #304**

American Association of Electronic Reporters and Transcribers (AAERT) is a national membership organization providing education and certification for career professionals engaged in electronic/digital court reporting, transcribing, and other supportive roles. Our mission is to promote public awareness and acceptance of the electronic reporting industry.

### **ACS, A Xerox Company**

[www.acs-inc.com](http://www.acs-inc.com)

#### **Booth #400**

The case and juror management systems at ACS, A Xerox Company, have been licensed by more than 2,000 courts around the world to enhance the delivery of justice. ACS offers justice revenue services, electronic filing, interactive voice response, audio/visual technologies, document management systems, imaging and microfilm conversion, violation processing, and systems integration.

### **Adobe**

[www.adobe.com/government](http://www.adobe.com/government)

#### **Booth #307**

Adobe solutions help justice and public safety agencies enable collaboration and strengthen information assurance by validating the authenticity and integrity of documents and forms and protecting private, corporate, and classified government data from unauthorized access. Because the security features remain persistent with the document, information is protected even when it leaves the secure network.

### **AllianceOne**

[www.allianceoneinc.com](http://www.allianceoneinc.com)

#### **Booth #101**

AllianceOne, a Teleperformance Company, provides collection services to government clients at the local, state and federal levels. We achieve superior recovery with low to zero complaints through experienced staff, technology and financial strength. Our service incorporates our values: Integrity, Respect, Professionalism, Innovation and Commitment. Contact AllianceOne today to learn more.

### **AmCad**

[www.amcad.com](http://www.amcad.com)

#### **Booth #213**

AmCad, a nationally recognized leader in the government and records marketplace, has been providing solutions and services to government agencies for more than 20 years. AmCad's core suite of products and services helps fully automate all aspects of the daily and long-term operations of courts, utilizing case management, e-Commerce, and enterprise content management.

**AnyTrax**  
**Booth #408**

[www.anytrax.com](http://www.anytrax.com)

AnyTrax is a low cost telephone reporting solution for managing large caseloads that allows agencies to reallocate officer resources to higher risk clients. AnyTrax automates monthly reporting, weekly phone check-ins, drug test notifications, court date reminders, random curfew checks and more. Used by over 600 agencies in over 45 states, AnyTrax identifies clients by voiceprint during check-ins from any telephone.

**Aptitude Solutions**  
**Booth #410**

[www.apitudesolutions.com](http://www.apitudesolutions.com)

Aptitude Solutions Showcase Court CMS offers the latest workflow technology that can be combined with existing courthouse resources and agencies to track and schedule cases. Designed from the ground up and in partnership with a high-volume county court, Showcase is capable of supporting courthouse processes as case management needs change and grow.

**ARCONAS**  
**Booth #600**

[www.arconas.com](http://www.arconas.com)

Arconas provides courthouse-seating solutions for courtrooms, waiting areas, and jury facilities that are high performance and low maintenance. Our highly durable seating solutions and accessories include courtroom spectator seating, security area seating, desk and conference seating, cafeteria chairs and tables, outdoor seating; and waste and recycling bins.

**Association of Legal Administrators**  
**Booth #504**

[www.alanet.org](http://www.alanet.org)

ALA, Your connection to knowledge, resources, and networking, provides support, high-quality education, and services to legal management professionals in law firms, corporate legal departments, and government legal agencies. ALA also operates the Legal Management Resource Center (LMRC), <http://thesource.alanet.org>, an online resource that answers legal management questions.

**American Telesource, Inc. (ATI)**  
**Booth #411**

[www.ati-cti.com](http://www.ati-cti.com)

American Telesource, Inc. (ATI), a premier communications solution provider, offers interactive voice and Web applications, voice-over IP telephone systems, call center solutions, unified communications and more. ATI is in the business of helping clients improve efficiency, lower costs, and expand access to information through user-friendly, self-service solutions.

**AVerMedia Information**  
**Booth #204**

[www.avermedia.com](http://www.avermedia.com)

AVerMedia Information is the leading manufacturer of portable document cameras visual presenters, and interactive pens with a focus on the K-12 and higher education markets. AVerMedia provides a wide range of award-winning classroom display solutions that fit any budget and display need as well as helpful application and training resources.”

**Brother International**

[www.brother.com](http://www.brother.com)

**Booth #211**

Brother manufactures a full line of award-winning, network compatible, Monochrome and Color Laser Printers, Facsimile and Multi-Function machines and P-Touch labeling systems. Brother provides sales representatives throughout the United States that can work with Federal, State or Local government opportunities.

**CourtCall**

[www.CourtCall.com](http://www.CourtCall.com)

**Booth #403**

CourtCall created the turnkey Telephonic Court Appearance Industry in 1995 and currently provides service to over 1,900 Courts in 42 states. CourtCall is an organized and voluntary way for busy attorneys to appear telephonically in court from their office, home, or other convenient locations. CourtCall saves attorneys valuable time, reduces the fees for the clients, and aids in reducing the cost of litigation.

**Courthouse Technologies**

[www.courthouse-technologies.com](http://www.courthouse-technologies.com)

**Booth #506**

We use our experience in the jury management field to provide courts with the ability to modernize their jury operations through new technology and services. We can increase your yield and save your court money, all while allowing you to do more with less.

**CourtSmart Digital Systems**

[www.courtsmart.com](http://www.courtsmart.com)

**Booth #210**

CourtSmart develops secured, fault-tolerant digital audio/video management systems for room recording, integrated IP video-conferencing systems, and video-surveillance systems for courts, law enforcement, and other government agencies. CourtSmart technology provides a software-based, strategic managed system that offers an integrated, scalable solution adhering to open industry standards without proprietary hardware

**CourtView Justice Solutions**

[www.courtview.com](http://www.courtview.com)

**Booth #301**

CourtView Justice Solutions engineers, installs and supports justice information and process management systems. We help courts, clerks, prosecuting attorneys, public defenders, probation offices, detention operators and law enforcement agencies enhance operations, increase access to justice and improve public safety. Our software implements paper-on-demand environments and integrates with many partner and third-party systems.

**DHS/NCS**

[www.dhs.gov](http://www.dhs.gov)

**Booth #102**

The NCS provides priority telecommunications services, coordination, information-sharing operations, and other related programs to support National Security and Emergency Preparedness (NS/EP) efforts across federal, state, and local governments and critical infrastructure under all circumstances, including crisis, disaster, emergency, or attack.

**EasyScribe and Record Solutions**

[www.record-solutions.com](http://www.record-solutions.com)

**Booth #609**

EasyScribe licenses recording, reporting and transcription solutions based upon Internet technologies. Record Solutions, a wholly owned subsidiary of EasyScribe, delivers products and services supporting the recording, reporting and transcription of the Record of live events and proceedings. Please visit our booth to learn more.

**ExhibitOne**

[www.exhibitone.com](http://www.exhibitone.com)

**Booth #613**

ExhibitOne - one of the nation's leading designers and integrators for courtroom technologies. ExhibitOne systems have been integrated in federal, state, and local government facilities and corporate venues throughout the United States. ExhibitOne specializes in design and integration of audio/visual systems for presentation and display, videoconferencing, digital audio and video recordings.

**Extract Systems**

[www.extractsystems.com](http://www.extractsystems.com)

**Booth #208**

Extract Systems provides automated data capture and redaction technologies to government and private sectors. I.D. Shield Automated Redaction allows courts to protect the public from identity theft by safely removing sensitive data such as SSN, Account Numbers, Minor Names, and more from electronic records using a highly reliable automated process.

**FileTrail**

[www.filetrail.com](http://www.filetrail.com)

**Booth #601**

FileTrail is the industry-leading provider of RFID tracking technology and physical case file management. FileTrail's new Calendar delivery system with RFID saves courts thousands of hours per year. FileTrail offers an RFID system that will meet the needs of any court at any size. FileTrail is available from a local installation to enterprise statewide solutions.

**FTR**

[www.fortherecord.com](http://www.fortherecord.com)

**Booth #511**

ForTheRecord (FTR) is the global leader in providing digital recording and content management solutions for justice and public safety venues. The FTR Gold family of courtroom offerings represents reliable and cost-effective solutions for capturing and managing court proceedings and provide rapid access to prerecorded content across the court enterprise.

**GC Services**

[www.gcserv.com](http://www.gcserv.com)

**Booth #513**

With 52 years' experience, GC Services has tenured resources and financial stability, including zero debt, to implement highly successful collection programs. Collecting governmental accounts for more than 30 years, GC Services has been entrusted to manage in excess of \$8 billion in court-related receivables - recovering 30-40% of the dollar amounts assigned.

**Global Connect**

[www.gc1.com](http://www.gc1.com)

**Booth #206**

Global Connect is the leading provider of Web-based Hosted Dialer Platforms that deliver personalized voice messages for collecting outstanding court and municipal receivables in a cost-effective manner. A fully interactive system uses state-of-the-art technology to deliver prerecorded messages to designated phone numbers at unmatched speed and capacity.

**Guardsmark**

[www.guardsmark.com](http://www.guardsmark.com)

**Booth #302**

Founded in 1963, Guardsmark has grown into one of the world's largest security services companies. Through innovation, unmatched excellence and a total commitment to its customers, Guardsmark sets the gold standard for the industry. Guardsmark's Judicial Division can meet the unique and complex requirements of court security environments.

**Harris & Harris**

[www.harriscollect.com](http://www.harriscollect.com)

**Booth #612**

A national leader in premier receivables solutions for more than 40 years, Harris & Harris is committed to the highest level of service and results. We do it through a unique agency/law firm combination, partnership, and technology solutions with a user-friendly, personalized touch designed to your reputation. Learn more at [www.harriscollect.com](http://www.harriscollect.com).

**HDR**

[www.hdrcourts.com](http://www.hdrcourts.com)

**Booth #401**

Courts design has been a focus of HDR's practice for more than 30 years. HDR courts experts have completed over 235 courts projects, including some of the largest in North America, establishing a proven record of performance. A tremendous depth of resources comes with being the seventh-largest A/E firm in the United States.

**Heery**

[www.heery.com](http://www.heery.com)

**Booth #200**

Heery's professionals have designed more than 20 federal courthouses and dozens of county and municipal court complexes. We will work within your budget to deliver a project that achieves your design aesthetic, maximizes operational/space efficiencies, and enhances security. We bring an exceptional level of expertise to all assignments.

**HOK Justice Architects**

[www.hok.com](http://www.hok.com)

**Booth #300**

HOK specializes in the programming, planning, design, and delivery of new and renovated courthouses. Expertise includes architecture, engineering, interiors, and construction services, as well as needs assessments, feasibility studies, and sustainable design. HOK has received more recognition for courthouse functional and architectural excellence than any other firm. Twenty-two offices worldwide.

**Hyland Software**  
**Booth #103**

[www.hyland.com](http://www.hyland.com)

Hyland Software, Inc. is the developer of OnBase, a rapidly-deployable, modular suite of ECM applications that allows organizations to manage digital content, automate processes and integrate with critical applications. OnBase enables police, courts, prosecutors, probation and corrections to share information and collaborate within their own jurisdiction and with their counterparts throughout government.

**Infax**  
**Booth #203**

[www.infax.com](http://www.infax.com)

DocketCall is the electronic display solution. Using commercial LCDs, docketCall guides patrons to their destination without assistance. The system interfaces with CMS to provide real-time docket information. It can also display building directories, videos, visual paging, and emergency alerts. We now offer DocketCall as a Web-hosted solution. Stop by for details!

**Infocom Systems Services**  
**Booth #100**

[www.infocomsystems.com](http://www.infocomsystems.com)

Infocom's Case Management System (JACS-CMS) empowers Courts by providing them the tools and the ability to manage and control their case management system themselves on an on-going basis. Infocom's case management system includes a business rules engine with dynamic workflow. Infocom also provides a market-leading Automated Scheduling and Calendaring solution.

**INTRESYS-TurboCourt**  
**Booth #412**

[www.intresys.com](http://www.intresys.com)

TurboCourt's award winning technology empowers statewide, large, and small courts deployments. *Our recession-proof, flexible funding models enable any court to become more productive, effectively deploy resources, sustain and expand services.*

TurboCourt™ is the next-generation e-filing and public access platform for all courts, litigants and cases - saving clerks' time, empowering judges, generating and increasing revenue!

**JAVS**  
**Booth #207**

[www.JAVS.com](http://www.JAVS.com)

Since 1981 JAVS has been and continues to be the industry leader in courtroom-recording systems with more than 2,500 systems installed in 35 states and abroad. The public record is sacred, requiring absolute verbatim accuracy. Let JAVS engineers customize a solution for your courtroom environment.

**Jury Systems**  
**Booth #413**

[www.jurysystems.com](http://www.jurysystems.com)

Jury Systems Incorporated is, and always has been, singularly focused on Jury. At JSI we build, sell and support jury systems. We are dedicated to providing you the resources required to insure that your Jury Operation is a success. We understand that quality customer support is critical to your success. To that regard, our support is unparalleled in the industry.

**Justice Systems**

[www.justicesystems.com](http://www.justicesystems.com)

**Booth #502**

Justice Systems has provided solutions for over a quarter century with qualified professionals from the judiciary and the latest technology following the latest standards (NIEM). Helping courts today with case management, online and over the counter payments, collections and so much more, shows Justice Systems has *The Right Solutions for the Justice System*.

**LaserFiche**

[www.laserfiche.com](http://www.laserfiche.com)

**Booth #407**

Laserfiche creates simple and elegant enterprise content management (ECM) solutions that help organizations run smarter. Since 1987, more than 28,000 organizations worldwide—including numerous law enforcement agencies, management, prosecutors and courts—have used Laserfiche software to streamline document, records, and business-process management.

**LexisNexis**

[www.lexisnexis.com](http://www.lexisnexis.com)

**Booth #310**

LexisNexis® is a leading global provider of content-enabled workflow solutions designed specifically for professionals in the legal, risk management, corporate, government, law enforcement, accounting and academic markets. LexisNexis originally pioneered online information with its Lexis® and Nexis® services. A member of Reed Elsevier, LexisNexis serves customers in more than 100 countries.

[www.publicans.com](http://www.publicans.com)

**Booth #305**

Linebarger Goggan Blair & Sampson is a national law firm and leader in collection services for governmental entities. The law firm offers collection programs, including current and delinquent taxes, fees and fines, and many other types of miscellaneous local, state, and federal receivables. The firm's principal office is in Austin, Texas.

**Louisiana Binding Service**

[www.louisianabindingservice.com](http://www.louisianabindingservice.com)

**Booth #108**

LBS offers records custodians innovative archival quality products and services for the preservation of historic records with enduring value. Our preservation services support long-term archival storage that provides the only trustworthy data authentication. We create quality electronic images and team with associates to enhance records management program goals.

**Multi Business Systems**

[www.multibusinesssystems.com](http://www.multibusinesssystems.com)

**Booth #406**

**Multi Business Systems** provides **Print and Mail** services. Summons, traffic, notices and post cards

We also have a **Certified Mail program** that will save \$1.00 on the standard one oz letter.

**Municipal Services Bureau**

[www.muniserv.com](http://www.muniserv.com)

**Booth #113**

Founded in 1991, Municipal Services Bureau (MSB) offers outsourced collections, payment-processing, and call-center services to over 500 courts nationwide. MSB increases the court's revenue and ability to serve justice while decreasing your liability. MSB distinguishes itself based on Experience, Execution, and Ethics. For more information, please call 1-800-568-7004.

**Nacht & Lewis Architects**

[www.nlarch.com](http://www.nlarch.com)

**Booth #611**

Nacht & Lewis has been providing architectural and planning solutions to our clients for 88 years. We specialize in complex institutional building types. Our court design experience over the past 47 years includes projects for County, State and Federal clients ranging from a 7,200 s.f. regional courthouse to a 780,000 s.f. federal courthouse.

**National Association for Court Management (NACM)**

[www.nacmnet.org](http://www.nacmnet.org)

**Forum on the Advancement of Court Technology (FACT)**

[www.fact.ncsc.dni.us](http://www.fact.ncsc.dni.us)

**Booth #313**

NACM is a nonprofit professional association of those working in the field of court administration with almost 2,000 members worldwide. Quarterly publications: the Court Manager and Court Express. FACT is a consortium of private sector companies and senior court representatives dedicated to strengthening the dialogue between courts and their providers of technology. FACT is an ad hoc division of NACM.

**National Center for State Courts (NCSC)**

[www.ncsc.org](http://www.ncsc.org)

**Booth #309**

The National Center for State Courts (NCSC) is dedicated to improving the administration of justice by providing leadership and service to courts. NCSC accomplishes this by providing education, training, technology, management, and research services to the nation's state courts and courts around the world.

**National Safety Council**

[www.nsc.org](http://www.nsc.org)

**Booth #512**

NSC is a non-for-profit, non-governmental, international public-service organization dedicated to saving lives by preventing injuries and deaths at work, in homes and communities, and on the roads, through leadership, research, education, and advocacy. Founded in 1913 and chartered by the U.S. Congress in 1953, NSC members include more than 55,000 businesses, labor organizations, schools, public agencies, and private groups.

**nCourt**

[www.ncourt.com](http://www.ncourt.com)

**Booth #409**

Currently in over 700 locations in 18 states, nCourt is a leading provider of e-commerce services for courts and governments at no cost to the court or government agency. The company is the largest provider of online electronic payment services (traffic citations, etc.) and electronic filing for pro se litigation and has a growing presence in courts of higher jurisdiction. nCourt is known for its high-quality service to both courts and filers.

**New Dawn Technologies**

[www.justware.com](http://www.justware.com)

**Booth #501**

New Dawn Technologies strives to solve unique issues facing the needs of the criminal justice community. JustWare | Court enables offices to manage their workflow, case management, document automation, financial tracking and reporting needs. JustWare | Court also tracks all essential name and case information for every individual involved in a case.

**Orion Communications**

[www.orioncom.com](http://www.orioncom.com)

**Booth #509**

Orion is a provider of judicial and public safety software that improves agency workforce and business management life cycles. Orion's *CourtNotify Electronic Subpoena Solution* has helped Orleans Parish, Dallas County, and Miami-Dade County to reduce costs by improving law enforcement court attendance, civilian subpoena service, and the coordination of attendance to court docket schedules.

**PCSS**

[www.pcssinc.com](http://www.pcssinc.com)

**Booth #205**

PCSS develops and supports JEMS, a Web-based configurable case management system for courts, clerks, and prosecutors. JEMS is fully customizable, and to further boost productivity we also offer e-filing, ticket writers, imaging, and IVR. Our enhanced Jury Management System is also available on the Web.

**Perceptive Software**

[www.perceptivesoftware.com/publicsector](http://www.perceptivesoftware.com/publicsector)

**Booth #602**

Perceptive Software engineers enterprise-content-management-software products, including ImageNow document management, that integrate easily with your court applications to fuel efficiency. With Perceptive Software technology, you can capture, process, and collaborate on documents, protect data integrity throughout its life cycle, and instantly access content you need.

**Pioneer Technology Group**

[www.ptghome.com](http://www.ptghome.com)

**Booth #110**

Benchmark, from Pioneer Technology Group, is a true advancement in CMS technology. The paperless workflow will streamline the entire court process enabling courts to keep up with demand despite shrinking budgets. Benchmark includes onboard imaging, e-filing and recording, digital signatures, in-court processing, and more. We look forward to meeting you!

**Progressive Financial Services**

**[www.progressivefinancial.com](http://www.progressivefinancial.com)**

**Booth #610**

Progressive's philosophy of building a better collection agency through better treatment of our employees directly ties with our corporate motto of "Mediation, not Confrontation." Progressive has fourteen years experience collecting government debt and, maintains contracts with several branches of government. Progressive welcomes the opportunity to create new partnerships and demonstrate the effectiveness of our collection philosophy "Mediation, not Confrontation."

**PSA-Dewberry**

**[www.psa-dewberry.com](http://www.psa-dewberry.com)**

**Booth #306**

PSA-Dewberry is a full service design firm specializing in justice facility architecture. PSA works with local, state and federal court systems. PSA-Dewberry's leadership in court design ensures clients the most current applications of security and technology, as well as fresh ideas to meet the challenges of courthouse architecture.

**RevQ**

**[www.revq.com](http://www.revq.com)**

**Booth #507**

The courts require funding. Revenue Results software enables courts to significantly improve fine enforcement and restitution compliance. For 30 years, RevQ clients have consistently increased collections with existing staff while simplifying operations using RevQ's innovative technologies and proven "best practices." Ask about the "Freeway" to start collecting at no cost.

**Selectron Technologies**

**[www.selectrontechnologies.com](http://www.selectrontechnologies.com)**

**Booth #212**

For nearly two decades Selectron Technologies has empowered courts with IVR, Web, Automated Outbound Dialing and Electronic Payment technology. Our mission is to provide interactive solutions tailored to meet your court's specific business rules and requirements and reduce costs, better manage staff workloads, and improve service to your citizens.

**Smiths Detection**

**[www.smithsdetection.com](http://www.smithsdetection.com)**

**Booth #505**

X-ray inspection systems and explosives/narcotics trace detectors from Smiths Detection can help keep weapons, contraband, explosives and other threats from being brought into a courthouse, making the environment safer for all. In January 2009, US Marshals Service selected the HI-SCAN 6046si X-ray system to help protect federal courthouses across the US.

**SoftFile**

**[www.softfile.com](http://www.softfile.com)**

**Booth #209**

SoftFile provides citation data-capture services for courts and law enforcement agencies. We customize our data for easy import into your case management system. Our quality control methods guarantee a data accuracy rate of 99.5% or higher. SoftFile also provides document-scanning services of court records.

**SunGard Public Sector**

[www.sungardps.com](http://www.sungardps.com)

**Booth #510**

SunGard Public Sector, a proven leader in government information technologies, provides integrated enterprise software solutions to public safety and justice agencies throughout North America. The company's products provide records management, address computer-aided dispatch and information sharing for field personnel, and support jail and court management systems.

**Sustain**

[www.sustain.net](http://www.sustain.net)

**Booth #508**

Sustain's Web-based eCourt case management system is readily adapted by nontechnical personnel to support all case types and wide local requirements without expensive customization. The system provides configurable workflow management to automate and streamline the court's work; real-time courtroom case processing; fully integrated document management; customizable time standards; and a Web services API.

**Thomson Reuters**

[www.thomsonreuters.com](http://www.thomsonreuters.com)

**Booth #500**

West is the leading provider of integrated information solutions, law practice, and firm management software and services to the legal profession. Its products and services, including WestlawNext, are used by the world's most successful law firms. West is a business of Thomson Reuters, the world's leading source of intelligent information for businesses and professionals.

**Threshold CP, Inc.**

[www.justicepm.com](http://www.justicepm.com)

**Booth #109**

A seasoned justice-centric Business Intelligence and data warehousing company offering a Performance Management and Process Improvement solution, Justice PM, that helps reduce costs by providing visibility into complex facets of court business. Utilizing state-of-the-art Dashboards and Ad-Hoc reporting tools, Justice PM is offered as Software-as-a-Service or as a client-installed "Adaplication".

**Tybera**

[www.tybera.com](http://www.tybera.com)

**Booth #405**

Tybera provides electronic filing software to courts, attorneys and government agencies statewide. Licensing its eFlex software allows courts to automate filing workflow and reduce manual data entry. Plus our new CASEaDia PDF binders are a great tool for judges to use to manage their daily docket, all from one file on their desktop.

**Tyler Technologies**

[www.tylertech.com](http://www.tylertech.com)

**Booth #201**

Tyler Technologies, with more than 9,000 clients, is the largest U.S. company dedicated to providing software and services solely to the public sector. Tyler's Courts and Justice division offers fully integrated judicial solutions through its Odyssey® suite—facilitating more effective business procedures and improving efficiency across the justice process, including criminal, traffic, civil, family, probate, and juvenile courts.

**Veri-Core**
